Press Release

6th Annual Cutter Rally for Cancer Gives Back to Lloydminster Region Health Foundation!

April 9, 2009- Lloydminster AB/SK- The Lloydminster Region Health Foundation is proud to announce a recent donation from Lloydminster's 6th Annual Cutter Rally for Cancer.

Funds from this year's rally will be used to purchase new equipment for the Community Cancer Centre, which is located in Lloydminster Hospital. Currently, there are 3 treatment chairs and 2 treatment beds in the Community Cancer Centre.

Marcel Berard, one of the organizers of this year's Cutter Rally, says, "Many community members utilize the services offered by the Community Cancer Centre in Lloydminster on a regular basis. We know that cancer affects many people in our city, and the fact that they can receive treatment right here at home is a real blessing. The Cutter Rally exists to raise funds for cancer, and we are so pleased to be giving back to our local community"

The Community Cancer Centre sees between 27-49 patients every month, and did over 900 chemotherapy treatments and procedures last year. With over 80 new patients to the centre in the past year, there is tremendous proof that patients need to receive treatment in the comfort of their home community, without the hassle of having to travel to the city on a regular basis.

"We are so thankful to the Cutter Rally for their generous donation", said Renita Jubinville, Donor Relations Manager with Lloydminster Region Health Foundation, "Every dollar makes a difference, and this group certainly proves that enhancements to cancer care and treatment in our city are a huge priority"

The Lloydminster Region Health Foundation is in its 26th year of providing essential funding to enhance healthcare in our community. Since inception, over \$7 million dollars has been invested into the community by the Foundation.
